*Real Estate Challenges and Opportunities
in a Post-Fire Environment,*

presented by **Jill Scott,**

Real Property Manager, City of Santa Rosa

In October 2017, the Tubbs fire burned through Santa Rosa, destroying a large amount of housing stock, where there was already a housing shortage. Now, nearly 2.5 years into fire recovery, Jill will share the right of way and real estate projects, some anticipated and some not, that have come out of the recovery and rebuilding process, as well as projects initiated from the City Council's desire to increase housing and development in the downtown core, pursue public, private partnerships to address deferred maintenance obligations for City facilities and relocate multiple Fire stations City-wide as a result of the lessons learned.
